# NEW YORK STATE'S 2022 ELECTION

## FLIP OVER YOUR BALLOT!

**Early Voting:** Oct. 29 - Nov. 6

**Election Day:** Nov. 8

**More Info:** [weact.org/vote](http://weact.org/vote)

**Ballot Initiatives:** Look on the Back of Your Ballot

One of the measures you will find on the back of your ballot is the Clean Water, Clean Air, Green Jobs Bond Act, a once-in-a-generation opportunity to fund critical environmental initiatives here in New York State.

FLIP YOUR BALLOT over and Vote YES for the Clean Water, Clean Air, Green Jobs Bond Act!

## WHY VOTE "YES" FOR NEW YORK'S ENVIRONMENTAL BOND ACT?

Passing the Clean Water, Clean Air, Green Jobs Bond Act will enable the New York State Comptroller to sell bonds to raise \$4.2 billion which will be invested in the following areas, with at least 35 percent of these funds – nearly \$1.5 billion – directed to environmental justice communities like ours. This investment will:

### Cleaner Water

Protect our drinking water by identifying and replacing lead service lines, which can contaminate our drinking water with poisonous lead, as well as upgrading water treatment facilities.

### Green Jobs & Infrastructure for Our Communities

Upgrade public transportation, sewer systems, roads, bridges, and waterfront access while supporting the creation of nearly 100,000 local jobs with family-sustaining wages.

### Cleaner Air

Reduce pollution by replacing fossil fuels with renewable energy and purchasing electric school buses. It will also expand parks, street trees, and other natural areas which can absorb pollution and reduce urban heat.

### Cooler Temperatures

Reduce extreme heat and other impacts of climate change, which disproportionately harm our communities. This will be accomplished by funding street trees, green spaces, energy efficient buildings, community gardens, green roofs, and cooling centers in our communities.
